Dear Turfgrass Manager:

The turfgrass field day program is designed for all segments of the turfgrass industry — lawn care, athletic fields, golf courses, and grounds maintenance. Included on the program are research presentations, problem diagnosis, commercial exhibits, and equipment displays. There will be time to see current research, talk to the turf experts, and get the answers to your questions.

We hope to see you on Thursday, August 7!

Sincerely,

Rodney St. John  
 Extension Specialist  
 Turfgrass

**Kansas State University Agricultural Experiment Station and Cooperative Extension Service**  
 K-State, County Extension Councils, Extension Districts, and U.S. Department of Agriculture Cooperating. K-State Research and Extension is an equal opportunity provider and employer.

**EXHIBITORS:** Equipment exhibitors can set up the night before (August 6). Security will be provided. Please contact Christy at (785) 532-6173 if you are interested in exhibiting at the field day on August 7. **If you are interested in demonstrating aerifiers, verticutters, or other equipment, you can do so after lunch.**

The Turfgrass Field Day has been approved for:

Recertification credit hours for commercial pesticide applicators in:
